THE PARTY ZONE wants your wedding to be something the two of you will cherish the rest of your lives. A wedding full of memories you and your fiancée can look back on year after year. A wedding cannot just have a "DJ". It must have a Master of Ceremonies. We spend countless hours beforehand meeting with both of you to find out exactly what kind of Wedding is YOUR perfect Wedding. What we've learned over the past 18 years and over 2000 weddings is that no two weddings are alike. Each couple envisions their day differently. Whether you're planning an elegant affair, a nice intimate informal event, or all-out wedding extravaganza... We want to be the ones to make it happen.

THE EVENT YOU
DESERVE...
AT A PRICE YOU
CAN CELEBRATE

No detail will be missed. From the grand entrance to the last dance. From the cake cutting to the bouquet toss. YOU get to decide exactly how your day will transpire. We will sit down together well in advance to talk about your musical tastes and make sure that all your favorite songs will be played. We are proud to say that we bring an extensive collection of over 39,000 songs to every wedding. This ensures the best chance that we will not only have all your song requests, but all the song requests from your guests that will be asked for spontaneously throughout the event.

It's all about the two of you and what we can do to make your wedding as relaxing as possible and a day both of you will remember for the rest of your lives.
